

Artemis: The Lesbian Cougar Society (Part One) Seducing a College Coed Was My Price of Admission

I guess turning 40 was the big wakeup call for me. When you hit a milestone like that you cant help but take stock in your life. I realized that the big house, the great job, and the loving family were undermined by the lie in my relationship with my husband: he was cheating, and I was a lesbian. I might have felt trapped by the situation, but my best friend, Marissa, presented me with another opportunity. Its called the Artemis Society. Its a secret club of influential women in the community who mentor younger women. Its also a hedonistic refuge for lesbian exploration. But not everyone is deemed worthy to join, and if I want in, Im going to have to prove myself. Artemis: The Lesbian Cougar Society is mother and wife Autumn Douglass firsthand journey into an intensely erotic lesbian secret world. Accompany her into a club where older women help mentor younger women, in every way imaginable, and political maneuvering can be accompanied with steamy erotica. This 18,000+ word story features multiple scenes of romance and explicit sex.
