

Midnight Sin

Becoming a cop changes everything you thought you knew about life. *Midnight Sin* is an inside look at the dark and mysterious world behind the cops badge. Rookie cop Gary Hollings quickly learns that wrestling street thugs and arresting drug dealers while trying to track down a serial rapist is nowhere near as tough as watching his back from his fellow cops. He must also fight his inner demons ones that he never knew he had until he put on that police uniform. The police world is one of long hours and split-second decisions. The choices are not always clear. *Midnight Sin* is a gritty cop novel that explores the complexities of the cop psyche.
