

New Beginnings

Four women fight their own personal demons to find the strength to love. Lauren Walker and Maggie Sullivan meet in a quiet riverside vacation point and have a spontaneous attraction to each other. The pace of events that crashes around them only supersedes the speed of their romance and sends them on a journey of discovery. They find themselves pulled into an equation neither wants or expects. Tragedy appears to be the middle name of Harriet Aristides, and she wears the glove so well it is hard to believe she will ever be truly happy. Nichola Ralston, for her part, sets about innocently to change the way Harriet looks at life and leads her back to a place where she can love again. Harriet's world is dark and festering leaving little room for romance. There is no quick fix, and misunderstandings and omissions abound placing their relationship in jeopardy. A curious mix of intrigue, deception, and finally understanding follow all four. Although they have different experiences, events will twist and turn until they all arrive at the same point.
