

# No Tomorrow

Lucius Earl Savage is a relentless serial killer. Known as the Toolbox Killer, he uses a variety of tools to torture and slaughter his victims. His nationwide killing spree has included some of the most atrocious, malevolent acts known to man. But pure evil doesn't blossom overnight. From his egregious childhood, to his pernicious, twisted adulthood, witness the evolution of a psychopath, and the bloody carnage that ensues. Ash Calibre is a recovering drug addict with a shady past. He's also a trigger-happy Private Investigator who believes he's above the law. When someone close to him becomes the Toolbox Killer's latest victim, Calibre must race against the police on a hell-bent quest for vengeance and closure to the biggest case of his career. Along the way, his efforts may be aided or hindered by a shattered soldier: E. Cortada. A wounded war veteran and ex-mercenary who is searching for redemption, Cortada also happens to be the target of a vicious drug lord and his sadistic gang. Three intricate individuals. Three different perspectives. One cohesive, over-the-top, dark, brutal story.
