

The Ultimate Game

The new thriller by Karl V. is an action packed, lightning quick read about the hard men of the Intelligence Services and Special Forces versus the fanatics of the Islamic terror groups. Partnered with Vanessa Devine, an MI6 agent specializing in Islamic terrorists, Burini has the all the resources of the Western world at his disposal. But very little goes to plan as the forces of Western civilization go up against the men who would see the globe under the sway of Sharia law. The rules of the game are constantly changing in the dangerous underworld they fight in. The winners of the game will truly take it all. An author who has experienced many of the situations detailed in the book. The author is also widely travelled and the settings are all based on locations he has been to. Exciting, action packed reading in the spirit of Frederick Forsythe, Ken Follett and Tom Clancy.
