

RUN, RUN, RUN (crime thriller)

>>> Run, Run, Run is a crime thriller, a novel that never lets up, taking an ordinary couple into a life they could never envisage. After giving evidence against a gangster in a murder trial, Dan Thompson is whisked away into the Witness Protection Scheme. But even that can't protect him and his wife Sally. Somebody knows their new identity - somebody who shouldn't. Frank Tong is an artist who finds inspiration for his paintings from the violence of his criminal life. When his brother is put away for murder he wants revenge. And Frank has a mole in the Witness Protection Scheme. Dan and the pregnant Sally have no choice. They have to flee. They go on the run from both sides of the law. They must learn to lie, steal, shoot and fight to survive. They can't use their credit cards, cash machines, mobile phones - anything that will give away their location. They must constantly look over their shoulder. It's living life like a criminal - a difficult task for two law-abiding people. What will it take to return to a normal life? How far are they prepared to go? What will they sacrifice for their freedom? Run, Run, Run is a crime thriller that will have your heart racing and your mind buzzing. Sometimes the best way to get justice is to run away from it.

Reviews: A wonderfully paced thriller. I especially enjoyed the rich and multi-dimensional characters Capell creates... Frank Tong, is definitely not the stereotypical killer as Frank's inner demons also evoke incredibly evocative artwork... Max, the policeman in charge of the Witness Protection Scheme, has his own set of problems that influence the outcome of this story... This careful consideration and attention to characterization by Capell adds a depth to a what could have been just a nicely paced and engaging plot. Run, Run, Run to get this book. Yes, it is that entertaining.
