

## SPLAY VICE [CYBERPUNK, NEO NOIR, ADULT]: The future is NOIR. The future is NOW. (CARNAL FUTURE Book 2)

Jasmine Harris is a hardcore undercover New York cop working with a shadow unit of the NYPD. Splay Vice they are called, and they generate off the books revenue the city government desperately needs as the streets get meaner due to national economic downturn. Harris poses as a renowned prostitute as she infiltrates, gathers evidence and data, and occasionally even performs what is called a Wet Work, AKA an assassination. Splay Vices clients range from foreign dignitaries down to local politicians and American mineral tycoons. Whoever needs data or a job done, can negotiate with the accountants who haggle for the unit. On the mission documented herein, Harris must come face to face with a snuff fetishist who likes to trap call-girls in his high-tech dungeon room adorned with various macabre devices and hardware. He also likes to drug his willing victims so that they slowly lose touch with reality... Harris consents to the mission, and relies on her loyal techie assistant Bay who remains outside in an unmarked surveillance vehicle to monitor the encounter. This is the second installment of the dark, edgy CARNAL FUTURE series by Layne Monsun. So strap in, strap on, and prepare yourself to be carried to the darkest, most cavernous depths of human vice and nightmares.
