

## Perditas Parallel Universe: Reflections

Bookworm Perdita wished only one thing - to escape from reality. The day the strange things started, the magical adventure began. Imagine a Universe where there are no silly sisters to annoy you, where living in fantasy is normal and where the power of thoughts can actually change things. Instantly! Perdita is lost and aimless in her Real World until she makes a discovery lurking behind her reflection; a Parallel Universe where she and newfound friends Emma and Jaxon are able to create their own reality. But saving the world is not as easy as it seems, especially when the Crossbones Gang threatens to make Perdita's life a misery. How can the three friends use the Parallel Universe to outwit the bullies and carry out a rescue?
