

Phases of the Moon

The rhythms of music course through Glenda Mooneys veins. Born in a coal mine town and with a talent for song, her life is filled with the sweet harmonies of gospel and bluegrass - and love of the preachers daughter. Her talent is raw, but there are no limits on her determination to succeed. Success for a wrong-side-of-the-tracks woman in the mans world of the 1950s is impossible, but no one can tell Glenda that. When faithless love and heart wrenching tragedy take their toll, and the powerful see her talent as nothing more than a mine they can strip, Glenda only has herself and her voice to survive...and triumph. Lambda Literary Award-winner Julia Watts takes readers on an inspiring journey filled with passion, humor and undaunted artistic spirit in Phases of the Moon.
