

Understanding the New European Community (2nd Edition)

Authoritative and up-to-date, this comprehensive introduction to the history, organization, and key policies of the European Community is accompanied by details of the continuing debate on European integration. This edition includes expanded coverage of economic and monetary union, co-operation over foreign and security policy, the debate over national sovereignty versus the Community, and the Edinburgh European Council meeting of December 1992 and its aftermath up to summer 1993. Includes table, figures, diagrams, and boxed exhibits. For anyone dealing with and trying to understand the European Community.
