

## Prince of Umberlight (Tales of Umberlight) (Volume 1)

An erotic vampire romance of which one reviewer said, If Prince of Umberlight doesnt rattle your cage, you are more dead than the undead! Thorn may be an 800 year old vampire, but he does not possess the ability to create others of his kind, and so he is cursed to fall in love with mortals, only to watch them grow old and die. Torn by grief, Thorn denounces his immortality and enters into a comatose oblivion for decades. When he awakens, he is no longer in London, but finds himself in a world spun into being by his own desires - a world where Time and Death do not exist, a world where it is forever autumn, where the Parish of Shadows and the River of Stars become his home. It is in this world of Umberlight that he meets Atom - an interloper into his private sanctuary, but also an impudent imp who is destined to reveal to Thorn the three dangerous elements a vampire must possess in order to become a Creator. \_\_\_\_\_ An erotic male/male romance written in a poetic and literary style by a respected professional author. \_\_\_\_\_ TALES OF UMBERLIGHT promises to be an exciting series of novels set in a vast universe of mysterious and alluring characters. Each volume will be part of the whole, while at the same time each book will stand on its own. The series has been outlined up through Book 3. Presently, Book 2 is in the works and expected to be completed for release in fall/winter of 2015 or early 2016. This is erotica at its best, one reader said. We think youll agree!
