

The Day God Blinked

The Day God Blinked x-rays the politico-economic and socio-moral life of a rich and resourceful country called Ewawa from 1982 to 2007. The country had been ruled by a dynamic and insightful miser known as the Old Man. But because he had been in power for too long, his citizens longed for change. It happened when nobody expected it. The old man died suddenly in his sleep and was replaced by his handpicked successor. Unfortunately, the successor whom everybody had expected would do better plunged the country into terrible economic and moral crises. Lucia, the protagonist, narrates her predicament. To her, Ewawa is rotten in all totality. There is nowhere to turn for salvation. The custodians of the economic, social, moral and spiritual values of the land are not up to the task. The country is without hope. Is all doomed?
