

Rest Points In Eternity: A Search for Identity across Time and Space

When a revelation of great magnitude bursts upon a persons consciousness, it has the power to change ones trajectory in life and introduce into it an entirely new factor of causation. The ultimate lesson of such an experience is that we are all on a mission to help others find spiritual freedom, and by so doing to gain freedom for ourselves. Juxtaposes personal and family history with past-life experience. Stimulates readers to learn more about karma and reincarnation. Inspires people toward self-investigation and to strive for spiritual growth. FIC039000
