

Reset-The Final Days

Final Days continues the epic journey of Tom and his friends as they fight their way across America to find the revolutionary hero, the Raven. Pursued by General Gates, soldiers of the governments new national militia, the Home Guard and the Presidents own private special forces unit, the Bras Droit, Tom must reach the Raven before it is too late, and bring to the battle against an overly oppressive American regime, the final piece of the puzzle to help defeat the President. The final battle between a tyrannical President and the fiercely patriotic freedom fighters is fast approaching. Tom must make it in time or America might be lost forever!
