

Rise of the Lost Prince (Lost Boys Book 1)

They fight to protect those who would never welcome them into the human world... Petur always knew he and his brothers-in-arms were different. Something more. Something not human. Yet, he never expected to find out the truth of their origins, nor fall for a human woman whose father was set to destroy Neverland. Ever since she was a child, Wyndi dreamed of an angel with eyes of the purest gold, although she never really believed such a man existed until she met the hauntingly beautiful Petur of the lost boys. With a prophecy to fulfill, a woman to protect, a portal to find, and evil darklings out for blood, will Petur be strong enough to rise up and claim what's rightfully his, or lose everything to a long-time nemesis, Grapple the Dark?
