

Rock Hard

Enter the sexually frustrated, nicotine-addicted, thoroughly boring world of Lab Tech Lana. Unless, like Lana, you find that place entirely too dull. Then enter her fantasy life instead, where she is flying-motorcycle-riding, ass-kicking, free-loving Warrior Lana, who patrols the skies fighting bad guys with her cohort and occasional booty call Rock Hardin. Its a corny name, but hey, its her fantasy. And he lives up to his name. When an argument with her obnoxious boss finally sends her over the edge, Lana keeps going-right out of this world, where she finds herself in a new dimension. Suddenly, Warrior Lanas world is the real world, a dimension where men and women really are from different worlds and womens sexual pleasure is a sacred duty for all. And shes about to meet red-hot Tor, who is determined to rock her world and love her hard. Reader Advisory: This story contains a few scenes of light domination, plus one rather intense scene in which she wields the cane!
