

Rock N Roll Babes

What do the three funniest, sexiest aliens in the universe want from Earthlings? Sex, drugs, and rock n roll, of course. Linda Jaivin, who staked her claim as the queen of close encounters with her bestseller *Eat Me*, introduces an even more eye-popping round of pleasure-seeking escapades with the extraterrestrials extraordinaire in *Rock n Roll Babes from Outer Space*. Look out, because here come Baby Baby, the nymphomaniac and wannabe rock star; Doll Parts, the gutsy punk with an eye for Earth girls; and Lati, the turbo chick with a dangerous habit of mooning asteroids. Once they flee their dreary home planet to experience every hedonistic pleasure Earth can offer, their explosive misadventures become a cosmic tribute to Girl Power and a hilarious, unforgettable ride.
