

## Rothkos Red: And Other Stories (Salt Modern Fiction)

Rothkos Red is a collection of ten stories, subtly linked by painting and art, about the lives of women: their hopes, fears, failures and challenges. They reveal the choices and destinies of characters from various backgrounds, embracing the harsh realities of desire, loss and ageing. Powerful, yet tender, psychologically intricate and emotionally perceptive, these stories examine the complex lives of modern women. Substantial, moving and beautifully written they call upon Sue Hubbard's wide ranging knowledge of and feel for art.
