

Satori

Prepare to meet the worlds most dangerous man . . . Nicholai Hel-genius, mystic, and the perfect, formidable assassin-was first introduced to readers in Shibumi, the classic #1 bestseller by master storyteller Trevanian. Now critically acclaimed author Don Winslow continues Hels story for the first time in this all-new, blockbuster thriller.SATORIIt is the fall of 1951, and the Korean War is raging. Twenty-six-year-old Nicholai Hel has spent the last three years in solitary confinement at the hands of the Americans. Hel is a master of hoda korosu, or naked kill, is fluent in seven languages, and has honed extraordinary proximity sense-an extra-awareness of the presence of danger. He has the skills to be the worlds most fearsome assassin and now the CIA needs him.The Americans offer Hel freedom, money, and a neutral passport in exchange for one small service: to go to Beijing and kill the Soviet Unions commissioner to China. Its almost certainly a suicide mission, but Hel accepts. Now he must survive chaos, violence, suspicion, and betrayal while trying to achieve his ultimate goal of satori-the possibility of true understanding and harmony with the world.
