

Book of Seeds

What if cats could talk and we could ponder with a whale? What happens when you meet that special one who takes you on a magical journey of love? Listen to the trees singing, hear the stones and read the stars. Would it be a life like a song? And the world was in the song And the song was in the world And the world Moved by the song Moved on As the world always does. Book of Seeds is a tale about the love of nature and the nature of love that will set your thoughts free to explore new horizons and new possibilities. View your world with a new perspective and throw away your limits. Beautifully illustrated with watercolours painted by the author.
