

# Shaman

Join bestselling author Carl Bozeman's compelling narration that travels the forests and mountains of northern New Mexico and southern Colorado as one family reunites with their estranged father who takes them on a journey into a little known world they will discover as they reconnect with the man they thought they knew. A man now pressed by time but surrounded by infinity, and whose vision penetrates all earthly veils allowing us to peer into other worlds so close by we touch them daily without knowing it. Follow along as the unfolding events transform the world we routinely observe into a vast and mysterious wonderland that bursts into our awareness with such force it will alter the very fabric of our earthly experience. After reading Shaman you may never look at the world the same.
