

A Shroud of Evil

A Shroud of Evil is an exhilarating ride where past and present collide. The demon was groggy and thus chose to remain beneath the cellar when the shovel unearthed a few layers from its tomb. Some fretful day it will rise and wreak unspeakable havoc upon mankind. Until then, it is content to glimpse the world through the eyes of the man that awoke it, eyes that exist in the body of the man altered by evil . . . except the man was brutally destroyed, as was the woman he later found to possess! Despite Rachel's aunt being found slain near the cellar, Kevin and Rachel Sharpen move into the old home nestled in the country, along with their two children. Rachel can't explain why she's repeatedly beckoned to the dim basement, and she's worried about the sudden change in Kevin's stoic personality, which at times is alarming. After Kevin busts the padlock off the cellar and they find a decomposing body on the top steps, they'll only have four days to catch glimpses of past tragedies and discover exactly who, and what evil, still exists in the home . . . and why the past wants Kevin dead!
