

# Sight and Sound Reading: Word Ladder Workbook and Teacher Manual

Teachers use Word Ladders to teach and reinforce letter patterns and rhyming, through writing and repetition. This document contains 53 word ladders, as well as word riddles and questions for each word ladder to help strengthen vocabulary development. The riddles and questions encourage children to think about the meaning of the words, as they use them in learning to read. The word ladders will help children eliminate phonetic frustration, and help build their phonics skills, spelling confidence and self esteem.

Mrs. Karles Sight and Sound Reading Program offers FREE resources to help teach, strengthen and reinforce reading skills. Mrs. Karles Sight and Sound Reading Program creatively teaches the 250 basic sight words -the words found in 80% of what children read along with teaching and reinforcing of PHONICS, spelling, punctuation and comprehension.
