

Love Elixir Antidote: A Fantasy Satire (The Adventures of Sonny the Scoundrel Book 3)

Sonny the Scoundrel lives with Grandpap, the wizard in their rustic village of Sows Teat. Sonny is dashing and handsome, but his reputation is widely known. When a former flame announces her marriage to a suitor from a distant city, he knows it will be a grand affair attended by visitors from far beyond their village including young maidens who are unaware of his dubious reputation. Since the visitors will include his favorite type of maiden those he can romance and never see again, he nicks a love elixir from Grandpap in advance of a big wedding. Sonny is confident he can charm any of the visiting maidens without need of the love elixir, but why work harder than necessary? When he adds too much love elixir to a girl's cup, Sonny discovers making her fall out of love with him is much harder than he imagined. Unfortunately, there is no love elixir antidote and Sonny must use his wits to wriggle out of her clinging claws.
