

Siblings (The Stone Series Book 3)

Due to the mature nature of this material only readers over the age of 18 should view and/or purchase this book. The third novel of The Stone Series, Siblings, is about the aspiring rock star brother that Damian Stone never knew he had. In this third book, Tate Taylor discovers new talent in the young, tattooed and pierced bad-boy, Sebastian Morrison. Sebastian gets more than he bargained for when he sends a demo to Tate. Sebastian and his band head to New York City and while there he struggles to write his own material until he finds a muse in Skyler, a beautiful model at Damians modeling agency. When Skyler first sets her eyes on the rock star, she knows she should run in the opposite direction. But Skyler is drawn to Sebastian in a way she cant explain. Against her better judgment she takes a chance on him and decides to give her search for love one more try. Will Skyler finally find true romance in the rock star or is Bash just one more wrong place for her to look for love?
