

South Pacific Survivor: In Samoa

An assassin decapitates a U.S. congressman in American Samoa, then enters independent Samoa for other targets. Polynesian beauty Pua, the sole agent of the Samoan Secret Service, must protect their national leader--her grandfather. With an anti-colonial chip on her shoulder and a black belt to back it up, she faces a down-on-his-luck CIA agent and a rogue New Zealand diplomat. They close in on each other and the warrior-assassin as they race to discover Robert Louis Stevensons secret, which leads to evidence that could re-ignite civil war.
