

Remote (NHB Modern Plays)

Antler steps out of her front door and throws her phone to the ground. She stamps on it. Then she climbs the tallest tree in the park. She doesn't want to be found, not by anyone. Over the course of one autumnal evening, seven teenagers' lives intertwine as they make their way through the park. And everything that seemed normal becomes extraordinary. A play about protest, power and protecting yourself, *Remote* was commissioned as part of the 2015 National Theatre Connections Festival and proved enormously popular with youth theatres and college companies across the UK.
