

The Attendant

Thomas Roberts smiled as he found a seat on the train bound for Bern, Switzerland. He had just made the last deposit of \$20 million in cash and jewels in his secret bank account. Revenge against his parents, peers and the world was now complete. After sacrificing twenty years living in isolation like a monk and a social cipher, he has finally accumulated enough wealth to fulfill every dream. Only pangs of incredible loneliness still haunt his soul. Meanwhile, over 6,000 miles away, Melina, a clairvoyant, carefully interprets clues about Thomas by sensing vibrations she feels in his abandoned apartment. Even after being dismissed, she remains hooked by the case. Determined to find Thomas, the quasi detective personally continues her pursuit, not knowing if his capture is a matter of professional pride or a response to her heart. *The Attendant*, a romantic mystery, invites readers to enter the intriguing mind of a clever scam artist who commits the perfect crime. Only Melina, a woman blessed with psychic powers, has the ability to track him down in a manhunt that moves from New York City to the Greek Islands.
