

First Encounters: The Absolutely Totally True Adventures of a Small Town Girl... And a Few of Her Friends

First Encounters relays the erotic adventures of Heather Meinders and her friends. They are three young adults who originally come from a small town, but whose lifestyles are certainly not restricted by small-town ways of thinking. Their journey of self-discovery and sexual exploration begins their first summer after high school. From college parties, to their early years of adult life, all the way through their tenth high school reunion, join Heather, Tracy, Mitch, and the others as they delve into their most intimate desires and passions. These ten loosely connected erotic short stories appeal to many different interests including heterosexual, gay & lesbian, bisexual, threesomes, and more.
