

The Crimson Code (Mills & Boon Silhouette)

December 25: A bomb rips through a packed cathedral in Jakarta. As the hours pass, terrorist explosions continue around the globe, triggering worldwide panic and creating a nightmare beyond words. Inside the covert agency known only as Office 119, agents Renate Bachle and Lawton Caine are called upon to identify the groups responsible for the bloodshed. But the so-called Black Christmas attacks are nothing more than a smoke screen for a far more sinister conspiracy. At its heart are ruthless secret societies with blood ties that date back thousands of years, whose goals are nothing less than global domination. Renate and Lawton are only beginning to fathom how far the darkness extends. With the U.S. president set to deploy nuclear weapons against the wrong targets and religious violence erupting across Europe, they must untangle the interwoven plots before time runs out and Armageddon becomes a terrifying reality.
