

Season of the Monsoon and The Ganja Coast

Two books by Paul Mann - Season of the Monsoon: The body of a young actor is pulled out of a lake near Bombay's Film City. Before dying, he had been hideously mutilated. Beyond recognition. Beyond belief. When another mutilated corpse is found, Inspector George Sansi must face the unspeakable truth. A serial killer is loose . . . and The Ganja Coast: When the strangled body of a child is found floating in the waves, George Sansi finds himself embroiled in a tangled jungle of corruption that appears to stem from the highest levels of power.
