

The Lone Ranger: The Unofficial Biography (Reference)

For over 75 years, the Lone Ranger and his companion Tonto have been an active part of pop culture. This book traces the Lone Ranger from his early days on WXYZ radio and continues to the present day with the upcoming release of Disney's The Lone Ranger starring Johnny Depp. Along the way it gives plenty of trivia and gossip and the heroic character. The book recaps all the major moments in the Lone Ranger's life, provides a list of every character, and provides a reference of every Lone Ranger book publication. The book also explains the Lone Ranger / Green Hornet connection and gives a history of the comic book series. LifeCaps is an imprint of BookCaps Study Guides. With each book, a lesser known or sometimes forgotten life is recapped.
