

## The Lovers

THE BEST LOVE STORY SINCE LOVE STORY What would you be willing to risk for love? How far would you go to prove your love? In this stunning breakthrough novel, Ron Erlich deftly relates the captivating story of a protagonist who must do the impossible in the name of love. Set against the backdrop of the worlds greatest city, The Lovers brings to life the colorful, swirling tapestry of New York. The people at the heart of this sensational book, Tommy and Laura, explore a relationship as unsettling as it is exhilarating. It is the story of what befalls these young lovers as they are in the midst of living out their hopes and dreams. The Lovers is part love story, part travelogue and, at times, part mystery, with the streets, parks, and seasons of Big Apple providing the perfect atmosphere for this extraordinary tale of love and sacrifice. Once in every generation there is a book that defines what it means to be in love. There was Boris Pasternaks Doctor Zhivago, Margaret Mitchells Gone With The Wind, and Erich Segals Love Story. Now comes Ron Erlichs The Lovers.
