

The Miracle Girl: A Novel

Perhaps the first miracle was that she lived. The crowds keep coming. They arrive, all with their reasons, all with their doubts and certainties and everything in between. More and more every day, drawn by rumor and whisper and desperate wish. They come to Shaker Street to see eight-year-old Anabelle Vincent, who lies in a coma-like state--unable to move or speak. They come because a visitor experienced what seemed like a miracle and believed it happened because of Anabelle. Word spreads. There are more visitors, more supposed miracles, more stories on TV and the Internet. But is this the divine at work or something else?
