

Guilty: The Lost Classic Novel

Set in an unspecified but eerily familiar time and landscape, this is the story of Mark, a protagonist who struggles against the machinations of a hostile society and bureaucracy. Suffering at first from the persecution of his father as a conscientious objector, his life quickly comes under the control of the Machiavellian Mr. Spector, an influential government minister who arranges Mark's education, later employment, and even accommodation. It is when Mark tries to break free from Spector's influence that his life begins to unravel.
