12 Steps to Publishing: Workbook was designed to help beginning or seasoned writers to go from concept to finished book, plus marketing. This is a workbook, which means it helps you take action after learning what you need to do in response to each of the 12 steps, which include: Get Clear on What You're Writing Establish Writing Habits Learn Good Interviewing Skills What Goes in the Front Pages Learn How to Legally Use Other People's Material in Your Book Copyrighting Your Book Designing Your Book Finishing Your Book Find Your Publishing Mode Creating Your Book Marketing Plan Promotional Quotes and Other Ideas Learn to Publish Your Book Testimonial: Connie Gave Me Direction and Inspiration I have always wanted to write a book, but did not know how and where to start; Connie gave me direction and inspiration. I didn't have the time to work on my two books, a children's book and a gluten free cookbook. I am almost done with the children's book and I am in the reviewing stage with the cookbook. The children's book is published, the cookbook is in the reviewing stage, and I'm working on another book. - Helen Chin Lui
