

Unintended Intruder

Abigail is a lonely anime nerd living a mundane life. Like many single thirty-somethings she is over worked, underpaid, over stressed, and rarely laid. The most exciting part of her week involves trips to a local adult entertainment store where they know her by name. New or experimental products taken home, by Abby, to try out and then report whether it is a keeper. One such test is about to deliver an unintended intruder which will disrupt the absolute boredom of her mundane life. **WARNING:** This book contains straight sex, lesbian sex, masturbation, weird alien sex, swearing, dick jokes, dildo jokes, hentai references, light ignorant racism in the main characters, and lots of sex humor. If you are easily offended or if you do not like laughter during sex, then this book might not be for you.
