

Storm Warning

. . . As excerpted from a West Coast newspaper. GIRL DISAPPEARS FROM MILLIONAIRES YACHT (Los Angeles) - Tragedy struck in midst of an outing aboard the luxurious yacht of multi-millionaire playboy Richard (Rix) Holland III two nights ago at Isthmus Cove off Santa Catalina Island, when a girl apparently disappeared in the cold waters of the Pacific. The party of seven on the yacht Doubloon included Holland, film star Roger Vallance, and United States Senator Ned Davenport, currently the youngest member of that body. The others were Captain Luke Aubrey, 36, Penny Archer, 19, Frieda Muller, 20, Sandy Larkin, 18, and Olivia Barlowe, 17, all of Newport Beach, California. According to witnesses on land, the party had dined ashore at Dougs Reef, the only restaurant at the cove, then returned to the Doubloon around 11:00 P.M. Some time later, Penny Archer, said to be upset by the Captains decision not to return to Newport that night because of heavy weather, apparently tried to reach a neighboring vessel using a shore boat. Her absence was not immediately noticed by the others, but a search was finally mounted and the launch was discovered early the next morning, floating off Little Fishermans Cove. No trace of Penny Archer was found then or during subsequent searches by boat, helicopter and cross-country vehicles.
