

Under the Scarlet Moon

Fire Under Glass. Gail Henry spent several years married to Prof. Rossi, living in a world where spanking discipline took place daily, and ritual anal sex was common. Free of Rossi, she remains haunted by her kinky desires. When she crash lands on a city sidewalk, she's rescued by KC Gable, a hip looking actor and biker. It's not long before KC guesses her naughty secrets and she's over his lap for some hard, hot spanking eroticism. Later he takes her to a bawdy Renaissance Faire, where she'll find an idyllic conclave where men rule, and naughty ladies are spanked on demand! Scarlet Moons. Felicity Moon is a no-nonsense computer whiz and a feisty, headstrong maverick. Unfortunately, her eccentric spirit only gets her in trouble. Butting heads with her boss, the straight-laced Texan, Grant Nichols, she finds herself shocked when he takes her over his lap and spanks her bare behind. Grant's stunning answer to her willful bad behavior. Later, when Felicity becomes sexually involved with Grant's business partner in Switzerland, it's Grant who must save her. It's safe to say that the only way to handle this unrepentant brat is with a good dose of leather, or the back of a hairbrush on her flailing derriere.
