Set in the turbulent 1970s when Patty Hearst became Tanya the Revolutionary, *HYSTERA* is a timeless story of madness, yearning, and identity. After a fatal accident takes her father away, Lillian Weill blames herself for the family tragedy. Tripping through failed love affairs with men and doomed friendships, all Lilly wants is to be sheltered from reality. She retreats from the outside world into a world of delusion and the private terrors of a New York City Psychiatric Hospital. How do we know who we really are? How do we find our true selves under the heavy burden of family and our pasts? In an unpredictable portrait of mental illness, *HYSTERA* penetrates to the pulsing heart of the questions. **WINNER: GLOBAL E-BOOK AWARDS, USA BOOK AWARDS IN FICTION FINALIST: INTERNATIONAL BOOK AWARDS, INDIE EXCELLENCE AWARDS**
