

## If I Told You

Have you ever looked at a face you thought you knew as well as your own and realised, suddenly, that you couldn't look away? Or looked into the eyes of someone brand new and thought Oh, there you are? Love can hit you like a fist or comfort you like a caressing hand, but it is never weak, or placid, and in the darkest moments there is beauty to be found, in love, in loss, in living connected to another person, or aching for a connection that's been lost. If I Told You has 16 stories of love, sex, heartache, and laughter; filled with firsts and lasts, and all the agony and ecstasy in between. Destiny decides who touches your life. Your heart decides who touches your soul. But the naughty bits are up for grabs.
