

Royalties

America has never seen anything to match the innovation, energy, romance, and excitement of the 20th Century. And the embodiment of all this is Eve Solomon, a young woman who embraces the vitality of the times with a fervor. Determined to make a name for herself in the fledgling music business of 1908, she ultimately becomes wildly successful. But the same steely determination that takes her to the heights of the entertainment world cannot bring her the one thing she wants more than anything: the love of her life, Alex Getz, a struggling Vaudeville comic who becomes one of Hollywood's biggest stars. As their careers and lives intersect across the years, there is a price to pay a royalty for true love that can never be measured. ---Published by Taliesin Publishing, Authors and stories that echo in your heart long after the book is closed.
