

The Suicide Forest: A Paranormal Crime and Suspense Thriller

Caleb couldve kept Kali out of the Suicide Forest if only hed been thinking with his brain. But of course, he wasnt. Now Kalis missing and Caleb is lost with people dying all around him. What did Caleb expect? Whether its paranormal, evil, criminal, or all of the above, this is the Suicide Forest, where the world goes to die. Kali was new in town. She didnt know how evil the Suicide Forest could be. Or did she? One thing is certain. Caleb and Kali are going to learn the lesson that nobody gets out of this life, alive, especially when they decide to spend a night in the Suicide Forest. They run into pure evil in the form of the paranormal ghosts and spirits of the dearly departed who have wound up hanging from a tree branch with their necks snapped. Others are simply demons looking for revenge. Caleb and Kali meet people who think they are ready to die, others who were lured by the mass murderers and serial killers who relish their pain and suffering; and teenagers playing the game Beth and Bree that always claims at least one victim, sometimes more. The paranormal activity of the Suicide Forest could mean the end of Caleb and Kali. Or will the paranormal demons and ghosts of the Forest show them a new way and lead them to a new life? Caleb and Kali are in a battle for their lives. Its an adventure they never dreamed of, an adventure they may not survive. After all, they are lost in the horror of the Suicide Forest. Caleb may have a chance for true love Kalis love but only if he can defeat the evil inside the Suicide Forest, and maybe even the evil inside himself.
