About Romeo & Juliet: William Shakespeares timeless tragic tale of two doomed young lovers caught between feuding families. The two young people fall in love and are secretly married. When Romeo kills Juliets kinsmen in a duel, he is banished and forced to live in exile. Distraught, Juliet formulates a plan to bring Romeo back by drinking a substance that renders her into a death-like state for several hours. Her family, assuming she is dead, lays Juliet to rest in the family vault. Romeo, also believing Juliet is dead, drinks poison and dies. Juliet recovers, sees Romeo dead beside her, and stabs herself to death. Both the Capulet and Montague families arrive at the tomb and are devastated, however as a result of the tragedy they reconcile.
