

## Winter Break

After the death of his wife, Scott Perry is sentenced to 8 years in the Chillicothe Correctional Institute. Shortly before his release, he witnesses a murder. The closer he gets to his release date, the more pressure he feels from both sides. One correctional officer is determined to break his silence while another inmate has threatened to have him killed if he discloses what he knows - whether his death comes now or later. After his release, Scott is saved from freezing to death in a fierce winter storm by a coed coming home for the holidays. But his enemy is not content to let sleeping dogs lie.
