

Wreck and Order: A Novel

A boldly candid, raw portrait of a young woman's search for meaning and purpose in an indifferent world. Purposefully aimless, self-destructive, and impulsively in and out of love, Elsie is a young woman who feels lost. She is in a tumultuous relationship, is stuck in a dead-end job, and has a relentless, sharp intelligence that is at odds with her many bad decisions. When her initial attempts to improve her life go awry, Elsie decides that a dramatic change is the only solution. While traveling through Paris and Sri Lanka, Elsie meets people who challenge and provoke her towards the change she is seeking, but ultimately she must still come face-to-face with herself. Whole-hearted, fiercely honest and inexorably human, *Wreck and Order* is a stirring debut novel that, in mirroring one young woman's dizzying quest for answers, illuminates the important questions that drive us all.
