

The Pro Patria Project

The Pro Patria Project (for ones country) is the sequel to the authors The ProCon Conspiracy. It involves a dozen powerful men six each from the federal and private sectors who hatch a plot to assassinate a dozen of the nations most prominent citizens. Believing these men are undermining the countrys morals and values, the Committee of Twelve consists of the National Security Advisor, Joint Chiefs of Staff Chairman, Secretary of Defense, Directors of the CIA and FBI, and a U. S. Congressman. Pardoned men from the defunct ProCon Conspiracy are recruited by the Committee to plan and execute the plot. General Henry Mullaire and Colonel Manfred West, co-conspirators during the ProCon debacle, manage an intriguing scheme that uses desperate men to carry out the ruthless murders. No witnesses remain at the end; no stone is left unturned. pThe third book in the trilogy, The Bane of Cinco de Mayo, will follow later this year.
